GUARANTOR INFORMATION

All owners with a 20% ownership in the Company must complete. Not required for Non-Profits (skip to Individual Cardholder Information).

Personal Guaranty. For value received and in consideration of the mutual undertakings contained in the Visa Business Card Agreement between the Company named on the attached Application and Bank, the Guarantors absolutely and unconditionally guarantee full and punctual payment and satisfaction of the indebtedness of the Company to Bank, and the performance and discharge of the Company's obligations under the Visa Business Credit Card Agreement and related credit card documents ("Related Documents"). This is a guaranty of payment and performance and not of collection, so Bank can enforce this Guaranty against Guarantor even when Bank has not exhausted Bank's remedies against anyone else obligated to pay the indebtedness or against any collateral securing the indebtedness, this Guaranty, or any other guaranty of indebtedness. Guarantor will make any payments to Bank on demand and will otherwise perform the Company's obligations under the Visa Business Credit Card Agreement and Related Documents.

The word "indebtedness" as used in this Guaranty means all of the principal amount outstanding from time to time and at any one or more times, accrued unpaid interest or fees thereon and all collection costs and legal expenses related thereto permitted by law, and attorneys' fees. "Indebtedness" includes, without limitation, future advances, and transactions that renew, modify or substitute these debts, whether joint or several or joint and several. Bank reserves the right to increase or decrease the initial credit limit assigned to the Company over the life of the Cardholder Agreement according to Bank credit guidelines, which will serve to increase or decrease the amount of the Guaranty. Bank will notify each Guarantor of the new credit line assigned to the Company, except for changes that are temporary and made at the request of the Company or are otherwise not material in amount.

This is a "Continuing Guaranty" under which Guarantor agrees to guarantee the full and punctual payment, performance and satisfaction of the indebtedness of Company to Bank, now existing and hereafter arising or acquired, on an open and continuing basis. Accordingly, any payments made on the indebtedness will not discharge or diminish Guarantor's obligations and liability under this Guaranty for any remaining and succeeding indebtedness even when all or part of the outstanding indebtedness may be a zero balance from time to time.

All personal information provided to the Bank is for the purpose of obtaining credit for the Company or for the purpose of guaranteeing credit for others. In addition, each individual signing below authorizes the Bank to check his/her individual credit account and employment history and have a credit reporting agency prepare a credit report on him/her.

The undersigned declares that he/she has read and understands the statements above and that the information provided with respect to him/her on the following page is true and accurate.

Visa Business Card Agreement

By completing this Application and agreeing to this Visa Business Card Agreement, you, as an individual(s) authorized to borrow on behalf of the Company ("Authorized Signer"), for and on behalf of the Company, request that Bank establish one or more Visa Business Card Accounts (each an "Account") for the Company and issue a Visa Business Card ("Card") to the Company or to each individual employee or agent accessing such Account. When issued, the Card(s) will permit the Company to make purchases and obtain cash advances, by the Company itself or through the individual users, which will constitute extensions of credit by Bank for which the Company will be obligated to make repayment.

If this Application is accepted and a Card(s) issued, the Company will be bound by the terms and conditions within the Interest Rates and Interest Charges and Terms and Conditions of Use accompanying the approval notification, as well as by the terms of this Visa Business Card Agreement (together, the "Cardholder Agreement"). The Company shall be responsible and liable for any unauthorized use of any Card(s) issued to the Company pursuant to an established Account regardless of the circumstances. It is the Company's responsibility to repay all extensions of credit accessed by a Card issued under the Cardholder Agreement, whether the use was authorized or unauthorized. Bank will look solely to the Company for repayment of advances, fees, and finance charges, as well as any collection costs and other costs attributable to the Company under the Cardholder Agreement. The Company must secure Card(s) from terminated users.

Each extension of credit provided to the Company in connection with the use of the Cards constitutes a future advance under any loan agreement between Bank and the Company, and col-lateral pledged by the Company to secure indebtedness to Bank, including after-acquired collateral, will secure advances of credit by Bank under the credit card extension of credit, subject to the terms of the loan agreement under which the Company granted the security interest. Bank reserves the right to increase or decrease the initial credit limit assigned to an Account over the life of the Account according to Bank credit guidelines and Account history. The Company will be notified of any new credit line assigned to the Account, except for changes that are temporary and made at the request of the Company or are otherwise not material in amount. No modification may be made to any part of the Cardholder Agreement and any loan agreement except in writing executed by the Company and Bank.

Bank is authorized to verify the statements contained herein and investigate, obtain, and exchange reports and information regarding this Application and resulting Accounts with credit reporting agencies and others with legitimate business need for such reports or information in order to approve or decline this Application, service the Account(s) and manage the relationship between the Company and Bank. The Company shall provide financial information and other information requested by Bank from time-to-time. Information from the Application may be shared with Bank affiliates.

Bank may provide the Company with all legal and other disclosures, notices, and other communications with respect to the Account(s) and Card(s) in electronic form. Bank may notify the Company of any future notices by sending an alert to the email address the Company provided above or by other electronic/online notification method.

Each Authorized Signer represents and warrants to Bank that:

1. The Company has taken all steps required by its organizational documents to approve this borrowing and authorize each Authorized Signer to act on behalf of the Company.
2. The specimen signature set forth below for each Authorized Signer is the true signature of said Authorized Signer.
3. The information provided herein is accurate.
4. All Accounts established and Card(s) issued hereunder shall be used solely for business purposes.
